

CHILDCARE POLICIES

At the time of your first visit, it is required that you complete a registration form, available in the childcare room, for each child. Each time you bring a child to one of our programs you must sign-in your children and complete the requested information.

Childcare is available to Four Seasons members with a family membership, family trial memberships, and out of McLean County guests with a family pass only.

At the time of pick-up, children will only be released to the parent who signed them in, unless another adult has been specified at the time of sign-in. *YOU MUST SHOW YOUR MEMBERSHIP CARD EACH TIME YOU PICK UP YOUR CHILD!*

For the safety of all children within our care, adults and children not registered in our programs will not be allowed to remain in the childcare area once the children are signed in. Please drop your child and his/her belongings off at the childcare door.

Childcare hours vary depending upon the time of year and holidays. Hours are posted at each facility. Childcare will open at posted time, and announcements of childcare closings are made 5 minutes prior to closing; please pick up your children at this time.

At Four Seasons I, all children within the building prior to 10:00 am must be enrolled in a program or in childcare. Parents must remain in the building at all times while their children ages 8 and younger are in the club. Children ages 9 and older will be allowed to be in the club without a parent after 10am.

At Four Seasons II, all children are to remain in the childcare area at all times and are not allowed past the front desk. Parents with children in the childcare program must remain in the building at all times.

Member/Guest Children; Maximum of 2 1/2 hours *per day*. Shorter times may be appropriate for some children. If a child is showing signs of distress (i.e., crying uncontrollably, uncontrolled behavior) the parent may be paged for assistance.

Parents will also be paged for illness or diaper changing. Restrooms and diaper changing tables are available inside the childcare rooms at both facilities.

Children who are ill or are suspected of being ill will not be permitted in childcare. If your child is diagnosed with a contagious infection within a 24 hour period of using childcare, please promptly inform the Childcare Coordinator, at (309) 661-8611.

No child will be admitted with the following signs or symptoms of contagious infections. The child will be considered recovered and ready to return when free from any symptoms for a period of 24 hours:

- Temperature of 100 degrees Fahrenheit or greater
- Vomiting
- Diarrhea
- Redness in whites of eyes
- Discharge from eyes
- Signs of body pests, such as head lice
- Any unexplained rash
- Unusual discomfort/irritability/exhaustion

If a child becomes ill while in the facility, a parent will be called immediately to pick up the child and removed from the facility.

Food will not be permitted within the childcare areas.

All children with allergies MUST have a medical alert card on file. Please inform the childcare staff (each and every time) you enter our children programs if your child has any allergies. If a child has any special medical needs, proper forms must be filled out and signed. Forms will be provided by Four Seasons staff.
